CONTRACT FOR SPRINKLER MAINTENANCE AGREEMENT

DATE: _____

CLIENT NAME: _____

ADDRESS: _____

CITY/PROV./POSTAL: _____

HOME TELEPHONE: _____ HOME FAX: _____

WORK TELEPHONE: _____ WORK FAX: _____

CELL: _____ EMAIL: _____

We recommend that your Sprinkler System timer should be adjusted and monitored a minimum of 4 times per year. Please note the timer is set for spring watering requirements. Summer setting; (June) Timer needs to be increased for annual planting and hotter weather. Fall setting; (September) water requirements are decreased, timer is decreased. Sprinkler heads may need to be adjusted or relocated due to rapid plant / tree growth, and/or garden re-designs. Please review the three maintenance packages available and select the level of service you prefer. Regular maintenance will ensure the proper function of your Sprinkler System and will help to keep your lawn and gardens looking their best.

Please select which package you prefer by initialling the corresponding box.

BRONZE PACKAGE :

☐

Start up of Sprinkler System includes:

Setting timer for Spring only and changing back up battery (customer to re-adjust system timer for Summer and Fall setting) Test and adjust system. Repair any damaged component for proper operation of system. This includes ½ hour service work. **Repairs done on a time and material basis.**

Fall shut down includes:

Turn timer to off. Shut off main water valve
Blow out all lines with high compressed air to prepare for winter

P.O. Box 459, Mount Albert, ON L0G 1M0 toll: 1.888.515.5567 fax: 905.473.9059
dimarcolandscapelighting@sympatico.ca www.dimarcolandscapelighting.ca

SILVER PACKAGE

☐

Start up & Shut Down: same as Basic Package.

Plus 2 service calls summer & fall. Test and adjust Sprinkler heads for new growth of plants. Move heads if required for maturing landscape or better coverage. Inspection and testing of system mid-summer, to adjust timer for warmer weather and check for growth adjustment. End of summer check, reducing water requirements, in preparation for the Fall season. **This service is done on a service call, time and material basis.**

GOLD PACKAGE:

☐

Start up & Shut Down: same as Basic Package.

This service is meant for large estates and very intense gardens, with flowers and shrubs and grass that demands to be very green at all times. **Plus 6 visits per year** to adjust Sprinkler timer, heads and system. If your system has micro drip for pots, they require higher maintenance and should be checked more frequently. Customers are encouraged to visually check pots to see if water is enough for potted flowers and call for service any time. It is also recommended in this service agreement to have you or your gardener call us directly for service, if they deem it necessary for dryness, broken equipment or to adjust timer. **This service is done on a service call, time and material basis.**

If you have any questions about these services please call our toll free number 1-888-515-5567.
